

Cable Winch Puller

This portable power cable winch puller gives you pulling power and weights. It is up to 30% lighter than comparable pullers without skimping on the power. A sturdy carry storage case is included. Easily store the power puller in your truck, trailer, workshop or garage. Ideal for off road vehicle recovery, loading heavy loads unto trailers, pulling fences, logs, rocks, and stumps.

Easily store the power puller in your truck, trailer, workshop or garage. Ideal for off road vehicle recovery, loading heavy loads unto trailers, pulling fences, logs, rocks, and stumps.

Built to last all steel frame and gears. Premium steel construction keeps the power puller resistant to wear and tear. High quality galvanized finish gives it excellent protection against weather and elements

Dual gear and dual locking pawl system distributes force evenly so you can enjoy easy and consistent pull. You have more space to comfortably apply force and pull the load more easily.
